

The Norman Weerasooria Memorial Shelter was established by International Construction Consortium (Pvt) Ltd. On the 26th of September 2019, in memory of its late founding Chairman, to provide accommodation and meals for low-income patients and their guardians from remote parts of Sri Lanka, seeking medical treatment at the Apeksha hospital in Maharagama.

Each patient is provided with a private room with a reclining bed, a guardian's bed, an attached bathroom and balcony. Three vegetarian meals are provided to all with morning and afternoon tea, all prepared in-house by the kitchen trained staff under hygienic conditions.

A library of books, TV lounge, a rooftop lounge and garden with a shrine are provided for the patient's mental wellbeing.

The Shelter is administered by the committee of the Norman Weerasooria Memorial Shelter. Our goal is to meet all costs for maintenance, water, electricity, meals and nursing staff from the Norman Weerasooria Memorial Shelter Fund, collected from the valuable contributions of our donors.

We seek your help in developing the fund to meet our expenses. Your monetary contribution today will touch the lives of many for years to come. We also generously accept donations, in the form of food dry rations required for the Norman Weerasooria Memorial Shelter. Please contact the manager for daily requirements.
